

ONE NASA

ONE TEAM, OPTIMALLY APPLYING MANY UNIQUE CAPABILITIES TO THE PURSUIT OF ONE SHARED VISION.

WHY ONE NASA?

- * To better utilize the limited, existing talent within the Agency
- * To build on what is unique and “value added” from each Center for the good of the whole
- * To minimize the duplication of effort that takes money from our programs and infrastructure
- * To increase our credibility with the public
- * To increase the level of trust and teamwork within the Agency

ONE NASA IS:

- * Working together: collaboration
- * Working efficiently: standardizations that free up funding for science, research and engineering
- * Being aligned with our vision and mission: doing the things that only NASA can
- * Teamwork and cultural change

ONE NASA IS NOT:

- * Closing facilities or divesting from capabilities
- * Workforce reductions
- * The end of healthy competition for innovative ideas
- * About giving you all the answers
